ABOUT ME

An active, disciplined, and creative Computer Engineering student who thrives in collaborative team environments. Open-minded and eager to explore diverse professional experiences,
I am looking to leverage my technical foundation and strong communication skills in a dynamic new role.

EXPERIENCE

01. Video Editing & Social Media Intern
Synergy Maze AI | 2026

- Assisted with on-set video adjustments and production logistics to ensure high-quality visual assets.
- Co-managed the company's YouTube account, optimizing digital content workflows and engagement.
- Skills: Adobe Premiere Pro, YouTube Video Creation, Digital Content Management.

02. Frontend / Security-Focused Developer Intern
Visus Yapay Görme ve Otomasyon | Istanbul, Türkiye (Remote)

- Implemented HLS-first (HTTP Live Streaming) playback logic to optimize streaming security and performance.
- Prevented unsafe MP4 fallback mechanisms to secure protected lessons against unauthorized downloads.
- Managed source control and collaborative features utilizing GitHub.
- Skills: HTML, GitHub, Frontend Security, HLS Streaming.
